

## Undergraduate Student Scholarly/Creative Activity Grant

---

2018–19

This competitive grant provides partial support for scholarly and creative projects by undergraduate students who wish to produce work that would be otherwise difficult to accomplish due to cost. It is designed to support research, exploration, and development of an idea or set of ideas in which an undergraduate student is thoroughly engaged and actively pursuing.

**Applications due:** September 28, 2018, 5:00 p.m., for funding period 1  
March 1, 2019, 5:00 p.m., for funding period 2

**Funding periods:** 1: January 1, 2019 – December 31, 2019  
2: May 1, 2019 – April 30, 2020  
(funds must be used before applicant graduates)

**Maximum funding amount:** \$2,000

### Guidelines

- **Eligibility:** Students must have attained junior or senior status with a minimum of 30 hours in attendance at UNL, and be enrolled in and making satisfactory progress toward one of the undergraduate degree programs in the Hixson-Lied College. Students who are pursuing multiple majors must have the Hixson-Lied College of Fine and Performing Arts as their home college to qualify for funding.
- **Scope:** The proposed projects must be of a depth and thoroughness that reaches above and beyond the normal expectations of the undergraduate program of study either in concept or feasibility. Students must be able to demonstrate a strong commitment to their studies, as well as the relevance of this project to their academic and professional development
- **Time frame:** Students will have up to one year to complete the project. Seniors must complete all projects with reports filed prior to graduation. In cases in which the funding is used as a match to a UCARE project or a program of similar scope, the timeline can be extended to coincide with the guidelines of that particular program.
- **Off-campus activities:** All awards are contingent upon adherence to University policy governing off-campus activities.
- **Other funding:** Applicants are encouraged to find other funding sources, excluding current financial aid or scholarships.
- **Supervisor:** Projects should be supervised by a UNL faculty member but must be planned and executed by the applicant. Applicants should discuss their applications and budgets with their supervisor prior to submission.
